

The safety training you provide your employees not only helps improve greater workplace safety, but, in fact, safety training has been proven to make a positive contribution to an organization's bottom line.

OXARC has long demonstrated its commitment to providing a wide range of information-rich safety seminars to help our customers develop safer, more productive workplaces.

Serving the Inland Northwest!

Confined Space Training at a whole new level.

Mobile On-Site Fall Protection Training

Now OXARC, in partnership with Honeywell Safety, is pleased to introduce the newest element in our Safety Training portfolio:

The OXARC/Honeywell Confined Space Mobile Training Unit

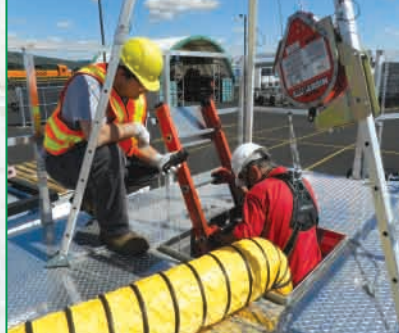

Working side-by-side with Honeywell Safety, the world's most innovative manufacturer of industrial safety products and advanced safety technologies, OXARC can now provide our customers with a *unique* training experience that takes their employees' safety training to a whole new level!

Applying practical knowledge reinforced in the classroom session, the Confined Space Mobile Training Unit provides training that is relevant, challenging *and hands-on*. Working with the latest confined space entry equipment and technology

OXARC.COM

Contact your OXARC Safety Representative, or call **800-765-9055** for more information or visit safety@oxarc.com

from Honeywell, the Mobile Training Unit engages participants and encourages teamwork and creative problem-solving. It truly is training that they can take back to their own workplace!

Using the OXARC/Honeywell Confined Space Mobile Training Unit challenges your employees with a range of confined space "hazards," props and equipment, enabling them to develop entry plans, complete an entry permit, *and then use that knowledge in a safe, controlled environment*. On your site.

Additional Safety Training available from OXARC:

- **Confined Space Entry (Classroom)**
- **Gas Detection Fundamentals**
- **Respiratory Protection**
- **Lockout/Tagout**
- **Fall Protection**
